

Company overview

FACTS

-  was founded and launched in 2001
- Everybody in our professional staff has worked at least 9 years with us
- More than a half of our recruiters have received personal rewards for their outstanding professional achievements. Some of them have received them multiple times.
- Thousands of successful assignments for our Clients

CORNERSTONES

- **Personnel**

We've got experienced employees working self-consciously for a long time in the recruiting industry, dedicating themselves to the profession as only mature personalities do. Our mutual trust and commitment is the main capital that the Company owns.

- **Technology**

Our advantage is a transparent and efficient business process together with strict adherence to our Clients' needs based on information technologies that we apply in our business.

- **Flexibility**

Our flexibility goes hand in hand with our personnel and the technology: we are easy to deal with and finally provide result-oriented high-quality service.

BENEFITS

- We provide you **extended opportunities** to find new employees
- We save you **time and resources** in complex projects
- We ensure the **confidentiality** of your search
- We offer full **support in final nominees interaction process**
- How may we **contribute to Your Company** in Your search and selection process? We appreciate any feedback on Your **needs and intentions**.

PROFILE

- **Recruitment** - selection of qualified managers and specialists, line managers and junior executives, line personnel
- **Management Selection** – search and recruitment of top management, rare specialists and personnel in highly competitive fields

FOCUS

We are able to recruit for a broad range of positions and specialities. Looking at the assignments we've performed so far and the experience of our staff **our strongest areas are:**
